## PROGRAMME FOR PRESENTERS

### **Workshop: Future of Dance Platforms**

Over the last 20 years, national dance platforms have attained stable forms and fixed themselves into a widely used general model. The Swiss Dance Days are no exception to that: although they are being fine-tuned and adapted from edition to edition, the current paradigm is built on a conversation over ten years old. In the meantime, the practices of artists and presenters have rapidly evolved and it is high time we asked ourselves once more where the future of touring is headed, and whether the Swiss Dance Days are still relevant as a promotional tool.

In 2021, Reso and Pro Helvetia therefore started a reflection process towards the Swiss Dance Days 2024 and beyond, in collaboration with a working group of presenters, choreographers and producers from the whole country. We would like to use the opportunity of these Swiss Dance Days 2022 in Basel to extend the conversation to professionals visiting from other countries, and together look into the future of national promotion platforms. This workshop led by Stéphane Noël (Reso / Materialise) is open to persons interested in sharing their experience and contributing to conceive a new paradigm.

Thu 3.2. 9h30-12h30

Hotel Dorint, Schönaustrasse 10, 4058 Basel

Registration required / The event will be held in English.

### **Panel discussion: dance for young audiences «- Darling, did we forget the kids?»**

Children today go on strike for the environment and experience plenty of restrictions because of the coronavirus. What are their needs, and how far is dance still relevant in this current situation? Are children best reached via and at schools? And what advantages does dance give to students? We are interested in European formats and offerings dealing with these and similar questions – but funding questions also require our urgent attention. We are looking to learn about examples of best practice, but also daring attempts and beautiful failures. An open panel discussion in English, **moderated by Guillaume Guilherme**, president of Premio – Encouragement Award for Theatre and Dance, and responsible for education at Zurich's Tanzhaus. The panellists will be **Simone Schulte-Aladag** of Fokus Tanz München and co-initiator of explore dance – Network Dance for Young Audiences, in which three German partner organizations have decided to cooperate sustainably in the long term; **Veerle van Kerckhoven**, artistic director of Bronks Brussels and the festival Import Export; and **Tiago Guedes**, artistic director of the Teatro Municipal do Porto – Rivoli e Campo Alegre and of DDD – Festival Dias da Dança from Portugal.

Thu., 3.2. 14h30-15h30

Junges Theater Basel
